Hi Felicia:

I'm attaching a link to EPA's website where we've archived all our recent correspondence including the email of 3 July 2013.

Please let me know if you have any trouble accessing the documents.

See you Thursday! Tim

Can't get into the BDCP website today and can't get to my files at home. Can one of you send EPA's BDCP comments to me? I'm digging in on it for a meeting tomorrow am.

Thanks!
